BOAT HIGHLIGHTS

"All My Girls" is more than well maintained throughout. She's sort of like a Unicorn. They don't exist, but this is an exception and maybe the only exception. All areas have received care from an owner who insists on worry free cruising. The interior has been recently and tastefully redecorated including new laminate wood flooring in the Salon and Galley. The mechanical spaces are all clean, well lit, and organized. The finish and varnish are like mirrors. All exterior upholstery is new. The Bilges are Clean and Dry. This is a turn key ready to go vessel -- NO KIDDING!
